Tractors.
Scheme for the use of Government-- for seasonal (shallow)ploughing in connection with scarcity. Grant of concessional rates and tagai loans to/cultivators to pay charges /owner of,

Government of Bombay.
Reconstruction Department.
Resolution No. 10598/39.
Bombay Castle, 2nd April 1946.

Resolution of Government.

Tractors of the mechanical cultivation unit of the Agricultural Department are to be used for--

(1)deep ploughing for the eradication of deep-rooted weeds,

(2)putting up bunds by mechanical equipment in connection with land development work, and

(3)seasonal tillage operations (shallow ploughing)

in connection with the "Grow More Food" Campaign, as laid down in paragraph 1 of Government Resolution, Revenue Department, No. 10060/39, dated 11th October 1944. In view of the prevalence of scarcity conditions and the acute food shortage, Government considers that the best use to which mechanized equipment can be put in the present crisis is to use it to the fullest possible extent for seasonal (shallow) ploughing, especially in the areas where scarcity has been declared under the Famine Relief Code this season where the shortage of plough cattle might lead to inefficient cultivation and consequent fall in the yield of foodcrops.

2. With a view to give the greatest possible encouragement to seasonal ploughing with mechanical units this season, Government is pleased to direct that in areas in which scarcity has been declared this season and in other areas which are liable to grass-hopper pests the Mechanical Engineering Section of the Agricultural Department should undertake seasonal (shallow) ploughing of individual owner cultivators with tractors at the concessional rate of Rs. 4-8-0 per acre or half the actual cost, whichever is less, on condition that the holder agrees to put the lands ploughed by the mechanical unit under food-crops during the kharif or rabi season of 1946-47, as the case may be. Government is also pleased to direct that advances of tagai, free of interest, should be freely made to meet the cost of mechanical cultivation during the year 1946-47.

3. As it is absolutely necessary that the tagai loans should be sanctioned with the greatest possible despatch in order that the mechanical cultivation unit may not be held up at any time, the Mechanical and Transport Engineer should, as soon as he has made the preliminary enquiry and selected a particular tract for shallow ploughing, communicate to the Collector concerned--

(1)the number of villages where he proposes to use the mechanical cultivation unit for shallow ploughing,

(2)the names of holders who want advances of tagai in this area, and

(3)the probable date from which the shallow ploughing will start in the area.

The

The Collector should instruct the Mamlatdars incharge of the areas to depute immediately the necessary number of Aval Karkuns or Circle Officers to complete the tagai enquiries and get the tagai bonds executed from the holders within a week of the receipt of the intimation from the Mechanical and Transport Engineer. As no holding is to be left out from the operation of the mechanical cultivation unit merely on the ground that the holder cannot give adequate security, the Aval Karkun or the Circle Officer concerned should take additional security of other holders in all cases where the particular holder cannot give adequate security and arrange to sanction the loans within the period prescribed above.

4. The payment of the tagai loan mentioned in paragraph 3 above is to be made by the Collector on behalf of the borrower to the Mechanical Engineering Section of the Agricultural Department on the receipt of a certificate from the Mechanical and Transport Engineer to the effect that the borrower's lands have, in fact, been ploughed under the scheme. Form I of the tagai bond should therefore be amended as follows :-

Conditions 1 and 2 under paragraph 6 should be omitted and the following inserted in their place :-

"1. This loan should be applied solely for the purpose of paying the cost of seasonal (shallow)ploughing by the mechanical cultivation unit of the Agricultural Department.

2. The land ploughed by the mechanical cultivation unit shall be put under food crops during the year 1946-47."

Paragraph 7 shall be deleted and the following inserted in its place :-

"7. The amount of this loan shall be paid by the Collector on behalf of the borrower to the Mechanical and Transport Engineer to Government to discharge his bill for tractor ploughing of the borrower's lands, on receipt of a certificate from him that ploughing of the borrower's land for the purpose for which the loan is granted has been carried out in a satisfactory manner. The certificate shall be conclusive evidence of the facts stated therein. Any amount so paid by the Collector shall be deemed to have effect as if it has been paid to the borrower and shall be a valid discharge to the Collector in respect of the amount so paid."

Paragraph 8.- Insert "with interest at 9 per cent" between "may be recovered immediately" and "notwithstanding that the period fixed for the payment has not elapsed".

5. The Agricultural Commissioner should communicate to Government immediately the areas in which seasonal ploughing by mechanical units is to be undertaken this season and the acreage likely to be covered by the unit so that adequate tagai grants can be allotted to the Collectors concerned. The concessional rate for shallow ploughing prescribed under these orders for the scarcity areas and the areas liable to the grass-hopper pests is limited to the season of 1946-47 and the rates to be charged for seasonal ploughing will mainly be confined to bunded areas will be prescribed by Government after the figures of actual cost of seasonal ploughing by mechanical units in scarcity areas this year are reported by the Agricultural Commissioner to Government.

6. These orders supersede the orders in Government Resolution, Reconstruction Department, No. 519, dated 20th March 1946, limiting the

the experiment of seasonal ploughing to Mamkhed Mahal and some neighbouring area in Ahmednagar district and the district of Bijapur.

By order of the Governor of Bombay,

W.G.Hulland,
Joint Secretary to Government.

G. P. O. PRESS

2. The M. & T. ENgr. requests that the Collrs. of Belgaum and Dharwar may be asked to issue tagai loans to the cultivators in these districts so that the wprking of the tractor seetion in those districts would not come to a stand still.

2. Attention is invited in this connection to paras 2 to 5 of G.R. No. 10598/39 dated 2nd April, 1946 in which procedure for granting tagai loans has been detailed. In accordance with the procedure, the M. & T. Engr. after preliminary survey and selection of a site, has to communicate to the Collr. concerned, the areas where he proposes to use the ~~mech. cultn.~~ mechanical cultivation unit, the names of holders who want advances of tagai and the date from which the work will start. The Collrs have been instructed to make necessary arrangements for issuing loans within a week from the date on which they received the intimation. The Collrs have to make payments of tagai to the M. & T. Engr. on behalf of the borrower, on receipt of a certificate from the M. & T. Engr. that the borrowers' lands have been ploughed.

3. In view of these instructions, it is not clear on what specific grounds the Collrs. have not granted tagai loans. Presumably they have no funds left for granting tagai loans for this specific purpose. In the circumstances their attention may be invited to the instructions contained in the G. R. referred to above and they may be asked to make necessary arrangements for immediate issue of tagai loans in anticipation of Govt. sanction, if necessary. The appended letter may issue.

4. The attention of the Agrl. Commr. may also be

P.T.O.

be invited to para 5 of the G. R. and he may be asked to communicate to Govt. the areas in which seasonal ploughing is to be undertaken and the acreage likely to be covered, so that necessary allotments can be placed at the disposal of the Collrs concerned.

~~I~~ While on tour I met the collector of Belgaum and the officer in charge of tractors when no such complaint has been made to me. Secy. However, the appended letter may issue.

The procedure for payment of these amounts seems to be that the borrowing ~~cultivator~~ land-holder is to take Tagai amount from the manufaktdar and then pay it to M.T.E. Cannot this payment be made by book-adjustment?

ISSUED

C. 25/5

The letter at P.6 ante having been issued the case is now resubmitted with reference to para. 2 of Min. for Agre's note, dated 21-5-45 at P. 2 ante.

2. Attention is invited in this connection t para. 4 of the G.R. No. 10598/39, dated 2nd April 1946. In accordance with the procedure laid down therein, the Collr. pays the amount of tagai direct to the M.& T.Engr. on behalf of the borrower. Any amount so paid by the Collr. shall be deemed to have effect as if it has been paid to the borrower and shall be a valid discharge to the Collr. in respect of the amount so paid. If therefore it is intended to avoid duplication of transactions viz. the Collr. paying of tagai to borrower and borrower paying in turn to the M.& T.Engr. orders as indicated at 'A' of the Min. for Agre's note, do not appear necy. / to settle the transactions between the Collr. and the M.& T. Engr. / by book adjustment, we will have to consider whether it would be legally valid. The R.L.A. will have to be consulted on the point. Subject to orders on the point raised above the R.L.A. may see u.o. and advise this deptt. in this connection.

A

If however the intention is

B

It is best to make the payment to Mechanical Engr. to carry out the terms of the amended Tagai bond to make this binding on the contractor.
M.B.S.

pages 1 & 2

Secy.

Please see the orders in paras 3 and 4 of the Red R. dated 2.4.46. The Agricultural Deptt is in the habit of drawing the balance for all delays on the R.D. in this as well as other schemes e.g. tank and well construction

NH/30.5.

Min.for Agre.

Min.for Rev.

Min.for Fin.

but D.D must have the basic information mentioned in para 3 of the S.O before it sanctions Papi and cannot give a blank cheque to the Agricultural or any other department to proceed without getting the necessary basic information.

2. I would submit that the effect of the orders of 2.4.46 may be watched for some time.

I agree with Sec R.D. Even though book adjustment would be theoretically better arrangement, legally it may not be feasible & can be made possible only by transferring Coll's powers & granting tagavi to the M.T. Eng. which will neither be proper nor efficient.

Ag. Minister Revenue
Minister Agriculture

Serial No. D 15154.

No. T.A.G. 7836

Thana, 28th March 1947.

The Secretary to the Government
of Bombay, Revenue Department, Bombay,

Subject:- Grant of Tagai loans for the construction and improvement of wells and tanks

Reference Government Revenue Department No. 62-D/4-12-46.

Government have allotted Rs. 50000/- fifty-thousand only for advancing tagai loans for construction and improvement of wells and tanks during the current financial year.

Some applications for grant of tagai loans for the construction and improvement of wells, have been received and inquiries are going on.

As the grant was received late the amount could not be uti utilized in time. So far no amount has been advanced to any individual. It is however requested that the above grant may be allowed to be utilised in the deserving cases during the next financial year.

I E Allen
Collector, Thana.

Copy submitted to the Commissioner, N.D. with reference his No. I.R.R.-32-II dated 22-3-47.

RECORD ROOM

Date of issue 19-5-56

R.C.D.
No. 840-9754

Govt. has already made a provision of Rs. 1,38,00,000 in the current year's budget for granting tagai loans in furtherance of the Well Construction Scheme. The Agrl. Engr. has sent proposals for the district-wise distribution of the grant and they have been submitted to Govt. for orders. It does not therefore appear necy. to accept the Collr.'s proposal for allowing him to utilise the grant of Rs. 50,000 during the current yr. The Collr. may be informed accdy. The letter overleaf may issue

Please speak.

The Collr. of Thana.

No. 840-9754-B Bombay 3rd May April 1947

Ref. your letter No. T.A.G. 9836 dated 28th March 1946.

Govt is already taking steps to place at the disposal of all Collrs for allotments for well construction, for sanctioning tagai loans during the current year. It does not therefore appear necy. to revive the grant of Rs. 50,000 sanctioned during the last year as proposed by you.
